

Acting Improvisation

Students participate during this past-paced and fun session. After a few warm-ups, students focus on team-building and listening skills. Quick thinking and creativity are put to the test in a series of interactive theatre games.

Making a Scene

Come prepared with a scene of your choice, or we'll provide a script for your group. Professional actors will advise you on acting choices, vocal techniques and character development designed to encourage bold and creative acting choices. Working from a scripted scene, the focus is on interpreting and bringing text to life in truthful, imaginative and specific ways.

Step By Step (Dance Groups)

Groups have the opportunity to experience different Broadway dance styles. This session can be taught by a performer from the show the group is seeing and features choreography from that show. Other options include a professional dance audition or a specific type of dance.

Instrumental Clinic

Place your students directly in the world of a Broadway pit musician, playing for Broadway's best performers! Working with a Broadway musician, your students will sight read and prepare a special performance of a selected piece of Broadway music provided by Music Theatre International. After 90 minutes of work on the piece, a Broadway performer will discuss interpretation of the material and then perform it, accompanied by your students.

Acting Shakespeare

Through simple script analysis, participants demystify aspects of classical theatre. Shakespeare's plays were written in a time when directors were rarely used, so special attention was given to the clues and hints concealed within the writing. These "hidden directions" help performers to select acting beats and character intentions. Students can participate in group acting exercises as well as volunteer for individual activities that make Shakespeare fun!

Musical Theatre Song and Movement

Taught by Broadway performers from the show the group is seeing. Sheet music will be provided. The group will work with a pianist and two cast members. This workshop recreates a true Broadway rehearsal. The students will learn choreography, staging, and music directly from the Broadway production they are seeing.

Acting Auditions

This workshop focuses on how important first impressions are when entering the audition room, how to confidently walk in the room, cold reading and stage presence. Session kicks off with an interactive group activity, and then works on specific material focusing on making choices in an audition situation.

The Power of Me – The Anti-Bullying Workshop

Using theatre and drama activities, this workshop establishes a safe, invigorating, and positive environment. Participants will become aware of the tools and resources they already possess to "BE THE CHANGE" in their community.

Making Music

Great for choral and vocal group! Students will learn techniques of vocal dynamics and acting through song while working with a Musical Director or Broadway performer on a piece of Broadway music. Explore the art of marrying music and drama to effectively achieve great emotional impact. Then, students have the opportunity to perform the piece they just learned along side a Broadway guest performer, followed by a question and answer session.
